

CHAPTER 4 PHARMACIST-INTERNS

[Prior to 2/10/88, see Pharmacy Examiners[620] Ch 3]

657—4.1(155A) Definitions.

“*Board*” means the Iowa board of pharmacy examiners.

“*Internship booklet*” means a set of documents and forms to be completed by one or more pharmacist preceptors during the course of an individual pharmacist-intern’s internship training. The booklet includes the intern’s registration certificate, instructions for the intern and the preceptor, the competencies to be attained by the intern and certified by each preceptor, and one or more affidavits on which each preceptor shall certify the hours of nonconcurrent internship completed under that preceptor’s supervision.

“*Nontraditional internship booklet*” means that internship booklet comprised of competencies and affidavits relating exclusively to that nontraditional internship segment and approved by the board for the individual pharmacist-intern pursuant to subrule 4.6(5).

“*Pharmacist-intern*” or “*intern*” means a person enrolled in a college of pharmacy or actively pursuing a pharmacy degree, or as otherwise provided by the board, who is registered with the board for the purpose of obtaining instruction in the practice of pharmacy from a preceptor pursuant to Iowa Code section 155A.6. “Pharmacist-intern” includes a graduate of an approved college of pharmacy, or a foreign graduate who has established educational equivalency pursuant to the requirements of rule 4.7(155A), who is registered with the board for the purpose of obtaining practical experience as a requirement for licensure as a pharmacist in Iowa. “Pharmacist-intern” may include an individual participating in a residency or fellowship program in Iowa, whether or not the individual is licensed as a pharmacist in another state.

“*Pharmacist preceptor*” or “*preceptor*” means a pharmacist licensed to practice pharmacy whose license is current and in good standing. Preceptors shall meet the conditions and requirements of rule 4.9(155A). No pharmacist shall serve as a preceptor while the pharmacist’s license to practice pharmacy is the subject of disciplinary sanction by a pharmacist licensing authority.

657—4.2(155A) Goal and objectives of internship.

4.2(1) Goal. The goal of internship is for the pharmacist-intern, over a period of time, to attain and build upon the knowledge, skills, responsibilities, and ability to safely, efficiently, and effectively practice pharmacy under the laws and rules of the state of Iowa.

4.2(2) Objectives. The objectives of internship are as follows:

a. Managing drug therapy to optimize patient outcomes. The pharmacist-intern shall evaluate the patient and patient information to determine the presence of a disease or medical condition, to determine the need for treatment or referral, and to identify patient-specific factors that affect health, pharmacotherapy, or disease management; ensure the appropriateness of the patient’s specific pharmacotherapeutic agents, dosing regimens, dosage forms, routes of administration, and delivery systems; and monitor the patient and patient information and manage the drug regimen to promote health and ensure safe and effective pharmacotherapy.

b. Ensuring the safe and accurate preparation and dispensing of medications. The pharmacist-intern shall perform calculations required to compound, dispense, and administer medication; select and dispense medications; and prepare and compound extemporaneous preparations and sterile products.

c. Providing drug information and promoting public health. The pharmacist-intern shall access, evaluate, and apply information to promote optimal health care; educate patients and health care professionals regarding prescription medications, nonprescription medications, and medical devices; and educate patients and the public regarding wellness, disease states, and medical conditions.

d. Adhering to professional and ethical standards. The pharmacist-intern shall comply with professional, legal, moral, and ethical standards relating to the practice of pharmacy and the operation of the pharmacy.

e. Understanding the management of pharmacy operations. The pharmacist-intern shall develop a general understanding of the business procedures of a pharmacy and develop knowledge concerning the employment and supervision of pharmacy employees.

657—4.3(155A) 1500-hour requirements. Internship credit may be obtained only after internship registration with the board and successful completion of one semester in a college of pharmacy. Internship shall consist of a minimum of 1500 hours, 1000 hours of which may be a college-based clinical program approved or accepted by the board. Programs shall be structured to provide experience in community, institutional, and clinical pharmacy practices. The remaining 500 hours shall be acquired under the supervision of one or more preceptors in a licensed pharmacy or other board-approved location, at a rate of no more than 48 hours per week. At least 250 hours shall be earned in a traditional licensed general or hospital pharmacy where the goal and objectives of internship in rule 4.2(155A) apply. Internship credit toward the stipulated 500 hours will not be allowed if it is acquired concurrent with academic training. “Concurrent time” means internship experience acquired while the person is a full-time student carrying, in a given school term, at least 75 percent of the average number of credit hours per term needed to graduate and receive an entry level degree in pharmacy. Credit toward the 500 hours will be granted for experience gained during recognized holiday periods, such as spring break and Christmas break. The competencies in subrule 4.2(2) shall not apply to college-based clinical programs.

657—4.4(155A) Iowa colleges of pharmacy clinical internship programs. The board shall periodically review the clinical component of internship programs of the colleges of pharmacy located in Iowa. The board reserves the right to set conditions relating to the approval of such programs.

657—4.5(155A) Out-of-state internship programs. Candidates enrolled in out-of-state colleges of pharmacy who complete the internship requirements of that state shall be deemed to have satisfied Iowa’s internship requirements. Candidates shall submit documentation from the out-of-state internship program certifying completion of that state’s requirements. Candidates enrolled in colleges of pharmacy located in states with no formal internship training program shall submit documentation from that state’s board of pharmacy or college of pharmacy certifying that the candidate has completed all prelicensure training requirements.

657—4.6(155A) Registration, reporting, and authorized functions. Every person shall register with the board before beginning the person’s internship experience, whether or not for the purpose of fulfilling the requirements of rule 4.3(155A). Registration is required of all students enrolled in Iowa colleges of pharmacy after they have successfully completed one semester in the college of pharmacy. Colleges of pharmacy located in Iowa shall, at least annually, certify to the board the names of students who have successfully completed one semester in the college of pharmacy or who have withdrawn from the college of pharmacy.

4.6(1) *Supervision and authorized functions.* A licensed pharmacist shall be on duty in the pharmacy and shall be responsible for the actions of a pharmacist-intern during all periods of internship training. The following judgmental functions, usually restricted to a pharmacist, may be delegated to pharmacist-interns registered by the board:

- a. Verification of the accuracy, validity, and appropriateness of the filled prescription or medication order;
- b. Review and assessment of patient records for purposes identified in rule 657—8.21(155A);
- c. Patient counseling.

4.6(2) *Term of registration.* Registration shall remain in effect as long as the board is satisfied that the intern is pursuing a degree in pharmacy in good faith and with reasonable diligence. A pharmacist-intern may request that the intern's registration be extended beyond the automatic termination of the registration pursuant to the procedures and requirements of 657—Chapter 34. Except as provided by the definition of pharmacist-intern in rule 4.1(155A), registration shall automatically terminate upon the earliest of any of the following:

- a. Licensure to practice pharmacy in any state;
- b. Lapse, exceeding one year, in the pursuit of a degree in pharmacy; or
- c. One year following graduation from the college of pharmacy.

4.6(3) *Identification, reports, and notifications.* Credit for internship time will not be granted unless registration and other required records and affidavits are completed.

a. The pharmacist-intern shall be so designated in all relationships with the public and health professionals. While on duty in the pharmacy, the intern shall wear visible to the public a name badge including the designation "pharmacist-intern" or "pharmacy student."

b. Registered interns shall notify the board office within ten days of a change of name or address.

c. Notarized affidavits of experience in non-college-sponsored programs shall be filed with the board office after the successful completion of the appropriate internship booklet. These affidavits shall include certification of competencies and shall certify only the number of hours and dates of training which are nonconcurrent with college of pharmacy enrollment as provided in rule 4.3(155A). An individual registered as a pharmacist-intern while participating in an Iowa residency or fellowship program shall not be required to file affidavits of experience or to submit certification of competencies.

4.6(4) *No credit prior to registration.* Credit will not be given for internship experience obtained prior to the individual's registration as a pharmacist-intern. Credit for Iowa college-based clinical programs (1000 hours) will not be granted unless registration is issued before the student begins the program.

4.6(5) *Nontraditional internship.* Credit shall not be given for internship experience obtained at a nontraditional site or program unless the board, prior to the intern's beginning the period of internship, approves the program. Internship training at any site which is not licensed as a general or hospital pharmacy is considered a nontraditional internship. Written application for approval of a nontraditional internship program shall include site- or program-specific competencies, consistent with the goal and objectives of internship in rule 4.2(155A), to be attained during that internship. Application shall be on forms provided by the board. A preceptor supervising a nontraditional internship program shall be a pharmacist, and the requirements of rule 4.9(155A) shall apply to all preceptors.

657—4.7(155A) Foreign pharmacy graduates. Foreign pharmacy graduates who are candidates for licensure in Iowa will be required to obtain a minimum of 1500 hours of internship in a licensed pharmacy or other board-approved location. These candidates shall register with the board as provided in rule 4.6(155A). Internship credit will not be granted until the candidate has been issued an intern registration. Applications for registration shall be accompanied by certification from the Foreign Pharmacy Graduate Examination Commission (FPGEC) that the foreign pharmacy graduate has passed the Foreign Pharmacy Graduate Equivalency Examination (FPGEE), the Test of Spoken English (TSE), and the Test of English as a Foreign Language (TOEFL). The board may grant credit to a foreign pharmacy graduate, based on the candidate's experience in the practice of pharmacy, for all or any portion of the required 1500 hours of internship training. The candidate shall provide detailed information regarding the candidate's experience in the practice of pharmacy. The board shall determine, on a case-by-case basis, whether and to what extent the candidate's experience meets the goals and objectives established in rule 4.2(155A).

657—4.8(155A) Fees. The fee for registration as a pharmacist-intern is \$30, plus applicable surcharge pursuant to 657—30.8(155A), which shall be payable with the application.

657—4.9(155A) Preceptor requirements.

4.9(1) Licensed pharmacist. A preceptor shall be a licensed pharmacist in good standing pursuant to the definition of pharmacist preceptor in rule 4.1(155A).

4.9(2) Competencies and affidavits. A preceptor shall be responsible for initialing and dating those competencies the intern attained under the supervision of the preceptor and for completing the affidavit certifying the number of hours and the dates of each internship training period under the supervision of the preceptor.

4.9(3) Number of interns. A preceptor may supervise no more than two pharmacist-interns concurrently.

4.9(4) Responsibility. A preceptor shall be responsible for all functions performed by a pharmacist-intern.

657—4.10(155A) Denial of pharmacist-intern registration. The board may deny an application for registration as a pharmacist-intern for any violation of the laws of this state, another state, or the United States relating to prescription drugs, controlled substances, or nonprescription drugs, or for any violation of Iowa Code chapter 124, 124A, 124B, 126, 147, 155A or 205, or any rule of the board.

657—4.11(155A) Discipline of pharmacist-interns.

4.11(1) Grounds for discipline. The board may impose discipline for any violation of the laws of this state, another state, or the United States relating to prescription drugs, controlled substances, or nonprescription drugs or for any violation of Iowa Code chapter 124, 124A, 124B, 126, 147, 155A, or 205, or any rule of the board.

4.11(2) Sanctions. The board may impose the following disciplinary sanctions:

- a. Revocation of a pharmacist-intern registration.
- b. Suspension of a pharmacist-intern registration until further order of the board or for a specified period.
- c. Prohibit permanently, until further order of the board, or for a specified period, the engaging in specified procedures, methods, or acts.
- d. Such other sanctions allowed by law as may be appropriate.

These rules are intended to implement Iowa Code section 155A.6.
